THIS IS THE MESSAGE WE SEND WHEN SOMEONE FIRST ENQUIRES ABOUT THE PROGRAM

Hi,

Thanks for requesting more information about the Slim Living program.

A short explanation; The program is no carb & sugar free, with lean protein and a low-calorie menu. The food is healthy and nutritious. You also need to drink at least 3 litres of water a day. No water = no weight loss. And the best part is...no exercise necessary!!! There are no shakes, bars or fad foods. This is a program that is meant to be continued as a lifestyle so you can keep the weight off and improve your health.

You follow the plan for 30 to 40 days (depending on how much weight you wish to lose) at the lower calorie intake and then a further 14 to 21 days of maintenance as you slowly increase your calorie intake. Then if more weight needs to be lost you start back at the beginning.

Your body reshapes in the places where it is important, the belly, chest, hips, thighs and butt. Once the weight is off it is easily maintained and the program is a lifestyle that you can follow to keep it off forever. I have tried everything except surgery. This is the only one I have maintained on easily now for over 15 months and my overall health is amazing!!!

The program is \$229 AUD \$262 NZD for the basic supplement package (6 supplements) for the full 30 days. However, I do recommend the full supplement package (8 supplements) to help with sugar and carbs cravings. As well as gut health. This cost is for the Modere nutritional supplements needed to support your body during the low calorie part of the program.

At no cost you also get approved food lists, menu plans, recipe sharing page, Facebook support pages and a daily one on one mentor to guide you through out the program.

To get you set up I will need your email address, phone number and date of birth. This is so I can put all of the correct supplements in your trolley for you. You are never under any obligation to purchase them unless you decide to go ahead with the program. This way you can have a look at them all too

If you have any questions at all feel free to ask me!

Cheers
